Animals are not allowed on site (if carried in a cage a special authorisation may be granted).

Attachment

Attachment 1	Access to the Convention Centre
Attachment 2	Access to the loading/unloading zones
Attachment 3	Exhibition plan

Bank

A cash machine (CHF and €) is available at the entrance to the main building, Hall 1 (see also under "Location", p.9).

Cancellation

Any exhibitor wishing to cancel their participation must inform IMK, Sabrina Cassata directly.

Concierge

Concierge service is provided exclusively by Beaulieu Exploitation SA. The concierge is on site throughout the event (including set-up and removal). Beaulieu Exploitation SA is responsible for cleaning the halls, corridors and other points of access, as well as for removing any waste from the exhibition areas. The exhibitors are responsible for placing any waste in the containers provided for that purpose, and for keeping their stands clean (see also "Cleaning", p.7).

Car park

Beaulieu Exploitation SA has a secure, covered car park with 600 spaces. Exhibitors may obtain a pass for the duration of the event. Please see Order Form 8. Payment is made directly on-site (credit cards accepted). For your information, this car park is also open to the public.

Catering

Beaulieu Restauration SA has exclusive rights to catering at the venue. We invite you to contact them on +41 21 643 22 91 to obtain an offer. Further information is available on their website at www.beaulieu-restauration.ch. Use of an external caterer is however possible. In this instance, a fee equal to 15% of the external caterer's invoice will be payable to us. In addition, the external caterer will need to transport any equipment required (gas is prohibited), or hire it from Beaulieu Restauration SA.

Children

Parents are responsible for their children. Beaulieu Exploitation SA strongly advises special supervision during events involving children and shall in no instance be held responsible for any problems/accidents that may occur.

Cleaning (stands)

The halls, corridors and other access points will be cleaned during set-up, but particularly the night before the opening of the event (see also "Concierge", p.3). Cleaning of the stands is the responsibility of the exhibitors. Please complete Order Form 7 if you wish to have Beaulieu Exploitation SA clean your stand.

Cloakroom

An unattended cloakroom is provided to the exhibitors and delegates of this convention.

Construction & arrangement of the stands

To limit the risk of fire, the structure and decoration of the stands must be designed with V2 class materials (Swiss standards) or fire-retardant materials, i.e. that are not inflammable and that emit little smoke. Objects and materials presenting a fire or explosion hazard (flammability classes I to III) may only be brought into the halls following written authorisation by Beaulieu Exploitation SA Management. A declaration of any stands whose facilities may present such a risk must be made within 48 hours of assignment of stand locations. The arrangement of the stands may not exceed the assigned floor space. Facilities and decorations that could cause any harm to the exhibitors or the visitors are not permitted.

INFORMATION ON TECHNICAL ORDERS

General information

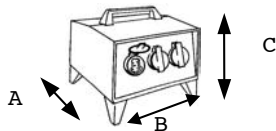

Technical facilities will be installed at the locations indicated by the exhibitor. A grid for this purpose is included on each order form.

Orders placed simultaneously allow Beaulieu Lausanne to grant a 15% discount on the fee for installation of a telephone, if ordered at the same time as the electrical connection.

Counters are only provided on request. Installation of a counter costs more than CHF 350.00.

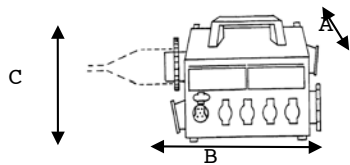

Information about 220 V / 380 V electrical connections

10A & 16A GIFAS Power distribution box

A = width	35 cm
B = length	30 cm
C = height	28 cm

32A & 63A GIFAS Power distribution box

A = width	25 cm
B = length	75 cm
C = height	32 cm

Description

The power distribution box is supplied by a cable with a "European" plug: alternating current, 50 cycles/second – 3/5 single phase 220 V and/or three-phase 380 V sockets – 10, 16, 32 and 63 amperes (as per order placed). Connection of the exhibitors' equipment must comply with the recommendations of the Swiss Electrotechnical Association on indoor electrical systems. For larger set-ups, we recommend that exhibitors contact an electrical firm in advance (see Order Form 9). The prices indicated correspond to the right to supply of the stated power, with or without a power box.

Power above 36A

Basic power supply without sockets, fitted with an upstream circuit breaker (without a distribution board), for 80A, 100A, 120A, etc., power. Facilities other than the aforementioned, i.e. electrical sockets and connections from 80A upward, must be ordered by the exhibitors – at their own expense – from an authorised engineer. For these installations, it is preferable that the exhibitor contact a firm in advance. This firm must have a concession from the Services Industriels de la Ville de Lausanne [City of Lausanne Industrial Services].
